ANOTHER "CON" CASE

Xenia Has Nerve Enough to Ask a Large
Sum from the County After the Gen-
erous People Voted Them a Mag-
nificent Court House.

Judge H. L. Smith was before the Court House Building Commission, Tuesday of last week, representing the Sewer Commission of Xenia. He asked that a committee be appointed to meet a committee from the Sewer Commission to make a contract for sewerage privileges for the new court house, but the Building Commission was on the alert and took no action.

It is a known fact that the sewerage business in Xenia is one of the grandest steals that was ever perpetrated in Greene county. The whole affair is being operated by a gang of "grafters" that make their living by the "nourishment" drawn from the city treasury in the way of "take-offs."

To show that the thing is rotten, the tax for the main sewer is only 90 cents per front foot, and the frontage on Detroit Street is 160 feet, there fore, the county would be indebted about \$150 for privileges, which they, the Building Commission ought to pay, but these "grafters" are not satisfied they want nothing less than \$3000.

Greene county came to the Xenia's rescue in erecting a building that is of more value to the city than to the county, generally, and yet a lot of these brazen idols, whose minds are so contemptibly corrupt send out representatives to bulldoze a conscientious set of business men.

It would be a blessing to Xenia and Greene county, if by some great deluge this gang, every inch of which is coated with vermin, could be washed down this self same sewer to the cess-pool. Xenia has been along under this kind of a rule that she knows not what a free and independent breath is. Talk about anarchy and disobedience to the law? Why, each one that operate in this movement is everything but an anarchist. If Xenia citizens, and the press, which, by the way is enduring a spasmodic spell of the religion fever, can sit by and let such "things" operate in their midst, that their business, but when it comes to affecting the county, that's some one else's business.

Since Jamestown has closed her saloons, many of her citizens, who are bound to indulge, come here knowing that they can get what they want. We have noticed quite a number of strangers on our streets on Saturday nights and also on Sundays, this day in particular seems to be the one for the best business.

We have had instances cited to us in regard to the "booze" that was brought here on Sabbath mornings and taken to nearby towns. We have as yet to hear of the first time for one of our saloons to be open on this day. This is one thing, so far as we know, that our saloonkeepers are obedient to the law for the closing of the saloons on Sabbath. Yet we have establishments that keep open under different titles, that keep open from early morn till late at night every day in the week. These are the places that cause the trouble; it is not the saloons.

so beastly drunk that it was utterly impossible for him to travel where men should walk. Constable Kennon happened along and took the stranger in. Later in the afternoon one of his friends called to see him, but it was impossible to awake him. He remained as a guest of the corporation until Monday noon, when his employer came and secured his release. Mayor Volland assessed him \$10.00 for plain drunk.

It is not probable that he brought the liquor from Jamestown here to drink. The question naturally arises, Where did he procure it?

A very pretty wedding was solemnized Wednesday at 2:30 o'clock, when Miss Ada Creswell became the wife of Mr. S. T. Baker of Jamestown. The ceremony was performed by the bride's pastor, Rev. Dr. Morton, in the presence of about forty-five guests.

Miss Corb, of Springfield, presided at the piano. The minister, followed by the groom and his brother, Mr. Rufus Baker, slowly entered the back parlor from the east library door. The maid of honor, Miss Lillie Stewart, entered from the west door of the same room, followed by the bride, leaning on the arm of her brother, Mr. Will Creswell, who gave her away.

After congratulations a two-course luncheon followed. Those at the bride's table with Mr. and Mrs. Baker were Mr. and Mrs. Harry Baker, Mr. Will Creswell and Miss Lillie Stewart, Mr. Raper Baker and Therisa Corn, Mr. Charles Creswell and Miss Minnie Ervin, Mr. Ed Ervin and Miss Nannie Kennedy.

The bride's going away gown was of golden brown camel's hair cloth, with hat to match. Mr. and Mrs. Baker drove to Selma and left on the 4:40 train for Columbus, where they will to-day witness the marriage of Mr. Baker's sister, Miss Arvilla Baker, to Mr. Dye, of Van Wert. The two bridal couples will spend a week at the Buffalo exposition and after the first of November Mr. and Mrs. Baker will be at home to their many friends at Cedarville.

Memorial Window.
The building committee of the new R. P. church have been in communication with our former townsman, the Hon. Whitelaw Reid of New York, in regard to a memorial window which Cedarville's distinguished son wishes to place in the new temple of worship in honor of his father and mother, Robert and Marion Reid, who were life long members of this same church, the former being an elder for many years. The gift will be greatly appreciated, not only by the building committee and congregation but by the entire community, who are interested in this son who has carried the name of Cedarville from coast to coast. Oftentimes men who arise to such lofty places as has Whitelaw, forget their birthplace, home and old associates, but this is not so of the donor of this memorial, as is shown by his kind generosity.

Broadstone Nominated.
The Greene County Republican Committee met in the Mayor's office at Xenia Wednesday and nominated M. A. Broadstone by a unanimous vote. The name of S. B. Shaner of Xenia was presented but received no vote. The name of Broadstone was put before the committee by Emory Beall, and Buckles seconded it.

Business Endangered.
Last Saturday night was the first Saturday night under the screen and ten o'clock closing ordinances. It seems as though the saloon men along with other merchants depend largely on their seventh day trade.

The saloon business, so we are informed is particularly good on Saturday and Sunday night and that it was nothing for any one of the saloons to sell \$50 worth of goods on that day.

Since the inauguration of our new system of control it seems as though the business is going to "the wall." At any rate there is a great howl from the retailers of the liquid refreshments that their business is being ruined, that their sales last week would not pay rent and down tax let alone a living.

As an example, we are informed that one of our saloons was short \$20 last Saturday night to what trade was the corresponding day the week before, and that another was \$12 short, and another \$15. Should these reports be correct, you can readily see that there was a wonderful slump in

County Fund overdrawn, \$25,102.25
" temporary loan, 10,000.00 \$35,102.25
Bridge Fund overdrawn, 2,486.55
" temporary loan, 5,000.00 7,486.55
Total amount of funds overdrawn, \$42,588.80

The above together with the approximated bonded indebtedness for ditch, bridge, road and general improvement of \$45,000.00 and the court house bonds of \$190,000.00, you can readily see the condition of Greene County's finances and that there has been some very poor management.

Business for the first week under the new law. Should the business continue to fall in anything like the same ratio in the next two or three weeks, our citizens will find that there will be few saloons with which to contend. There is no amusement whatever about these places at present, consequently there are few loafers, which means that business must be dull. One man is reported as saying that last week was the worst week he has had for years.

Closes Oct. 31st.
Chance to see Pan-American Exposition at Small Cost.

The Pan-American Exposition is nearing a close. Only a few days remain in which to enjoy it. After October 31 it will be a thing of the past. Go now and profit in pleasure and knowledge of the wonderful achievements of the Americas and their possibilities. The trip may be made at very low rates via Akron Route. The lowest fares yet offered are in effect over those lines each Tuesday, Thursday and Saturday. Coach excursion tickets sold on these dates are good returning six days including day of sale, ample time for getting acquainted with the Pan-American Exposition and inspecting the grandeur of Niagara Falls. Excursion tickets may be obtained any day over the Akron Route, but these sold Tuesdays, Thursdays and Saturdays are especially important to persons wishing to make the trip at the lowest fare. Find out about them by applying to local agents of the Akron Route. E. S. Keyes, Ticket Agent,

What a Noble Example.
We have had called to our attention a circumstance that we would say not one in a thousand ever heard of or would ever imagine. It is certainly an example whereby all followers and fellow associates in business would certainly be moved to pursue the same course.

We have in our midst a man, that is a saloon keeper, and from the utterances he has expressed and the steps he is taking shows that he himself is disgusted with the business. His only object in entering the business was to obtain means by which he could set up a business that would not be a disgrace to his family. He says that he intends to quit business, that he does not want his children to grow up and be associated with the business and its evil effects, that he has rented a farm, sown wheat and in the spring will go there, and take his wife and family where they will be free from the tainted odors which they now breathe.

What an example, that this man

Among Our Exchanges.
On the next series of \$10 National Bank notes to be issued by the Treasury Department, the portrait of the late President will be placed thereon.—Greene County Democrat.

In County Treasurer Little's notice of rates of taxation for the year 1901 we note that Miami township is scheduled to pay 14.4 cents on the \$100 valuation; Clifton school district 14.8; Yellow Springs school district 16.7; Clifton corporation 20; and Yellow Springs corporation 24.7. It is interesting to note that Osborn, with electric lights and water works, will pay only 23.1 while we pay 24.7. That is not so bad however, as Cedarville's 25.2; Bowersville's 26; Jamestown's 27; Spring Valley's 27.2; Bellbrook's 27.7; or Xenia's 29.5.—Yellow Springs News.

The total amount of money paid to Greene county teachers during the year ending Sept. 1, was \$87,803.30. For buildings and grounds \$16,455.90 was expended. The total expenses for the year was \$145,262.43. There is a balance in the school fund of \$65,000.

The little village of Mainville is without a school. A correspondent to the Morrow Tribune has this to say: "Our town is without a school. Why the proud Yankee blood of this town should allow this state of affairs to continue is more to be wondered at. A town which in years gone by has been justly proud of being a college town now bows its head in shame while its youth grow up in ignorance. It was in the shadow of this village that Gov. Morrow was reared and under its influence that he ascended the political ladder. It was near here that the great and tragic Murdoch first practiced his Hamlet, who in the fullness of time became one of the great tragedians on the American stage. Others, bright examples of how Mainville boys went out into the world and returned as conquerors might be cited to inspire ambition into the breasts of our youth. Start by all means a temporary school. Then and only then will the glory of our town be preserved."

Reducing the Debt.
During the week of President McKinley's death, Secretary Gage bought in \$2,000,000 of United States bonds, reducing the national debt permanently by that amount, wiping out all the interest yet to be paid upon that part of the principal. Better than that, though, the disbursement of this amount of currency from the United States treasury, and the fact that the treasury was so strong that this surplus could be spared and plenty more, encouraged and cheered the business world, and greatly eased any shock that might have come on account of the death of the president. Thus it was that the campaign promises of President McKinley, when he first talked to the people from his death couch in 1898, were made good, even in the hours of his departure, for the strength and support of the government that he loved.

Chairman Daugherty made a grandstand play, but the motives were too apparent.—Toledo Blade.

Triple Reunion.

The steps of the soldiers, the great war for the preservation of the Union are growing more unsteady, such of them as remain in the ranks of life made thinner as the years roll on, and there will probably be no more general county reunion of them. It is well therefore that there be a perpetuation of the patriotic cause by a younger generation, the S. of V., representing the older organization and the veterans of the Spanish war appearing in their own behalf as the latest exponents of that patriotism which is handed down from one generation to another.

Accordingly it is proposed to hold a reunion of these on Thursday, October 17th, the committees for which have been appointed, as follows:

A Good Thing.

German Syrup is the special prescription of Dr. A. Boesche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sales every season.

Two million bottles sold annually. Dr. Boesche's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75c. Get Green's Price Almanac.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Girardin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend, in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by C. M. Ridgway.

The October number of the C. H. & D. Magazine, is now ready. This number contains the last, and what is said to be the best, speech of the late President William McKinley, delivered at Buffalo, N. Y. In addition to the above there are a number of excellent short stories by well known writers and an abundance of interesting reading matter. Mailed to any address on receipt of ten cents in stamps or silver.

D. G. Edwards, P. T. M., C. H. & D. Cincinnati, O.

When you cannot sleep for coughing, it is hardly necessary that anyone should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It is good. Try it. For sale by C. M. Ridgway.

A good good beefsteak costs 60 cents a pound in Paris and good wine 1 cent a gallon. No wonder the nation is starving out.

With pork at \$7 per hundred weight and beans at \$2.75 per bushel, the great national dish is getting out of reach of poor people.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines, but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy, and three doses relieved me entirely. This remedy is for sale by C. M. Ridgway.

Make a note of the fact that shredded corn fodder is just as good for horses as it is for other kinds of stock. It has no leaves in it.

—When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free at C. M. Ridgway's drug store.

Eighty-two per cent of the American housekeepers get along without any hired girl, and the other 18 per cent wish that they could.

Don't aspire to live too long, for there are lots of old fellows over 80 in the poorhouses of the country. In fact, if one wants to find a man 90 and over, the poorhouse is the place to hunt for him.

—C. M. Phelps, Forestdale, Vt., says his child was completely cured of a bad case of eczema by the use of DeWitt's Witch Hazel Salve. Beware of all counterfeits. It instantly relieves piles. C. M. Ridgway.

When a man takes a load of hogs to town and then takes on a load of beer and his team runs away with him and breaks his neck while going home, it gives a job to the undertaker, the coroner, the sexton and the judge of the probate court without any serious loss to the community at large.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly on the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, 75c. Hall's Family Pills are the best.

Literary Note.

The November Smart Set is perhaps the most unique and remarkable magazine that has ever been published in this country. Among the interesting features are contributions by five titled writers. Prince Vladimir Yankovsky is the author of a clever story, "The Sensation of the Archduchess." Countess Loveau de Chavanna relates the mystery of a beautiful Parisian known as "The Black Rose." Lady Violet Greville writes entertainingly of "Fashion in the Garden." Baroness von Hutten tell the story of an artist's love for a girl whom he calls "Bread and Butter," and Lady Katharine Morgan an amusing poem. A reading of these contributions does not suggest that they have been printed merely for the names of the authors; on the contrary, the work is in every case of an unusually interesting and brilliant character.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young-plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right.

All they need is a little fertilizer—A little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.

While the Democrats are daily drifting farther apart on the silver and Bryan repudiation of their state convention, the Democrats at the other extreme of that party are just as much disposed to make trouble. Just as a current illustration, we have the following communication, signed "Democrat" to the Chicago Democratic organ, The Chronicle:

"Terre Haute, Ind., Sept. 23.—In The Chronicle of recent date you refer to the Bryan element as leading the Democratic party to defeat in two national campaigns. Now suppose the Cleveland element should be successful in nominating one of their men in 1904 and the Bryan element should not vote at all, as the Cleveland element did in 1892 and 1900, how many counties in the United States will the Cleveland element man carry? Can you name hair a dozen? I shall look anxiously for your answer."

DELAWARE OPENING.

Only Twelve Days After That For Political Work.

The Initial Meeting to Be a Hummer. Marching Orders Issued. Two Meetings a Day to Be the Rule.

The opening meeting of the Republican campaign in Ohio will be at Delaware, on Saturday, October 19. All the original arrangements will be carried out. The most celebrated marching clubs from the four great cities of the state will be in attendance. The splendidly-armed Rallies from Toledo, the magnificent Blaine Club from Cincinnati, the Tippecanoe Club of Cleveland, and the Buckeye Club of Columbus, will be there, with some fifty other prominent local organizations, and thousands of individual Republicans from all parts of the state. The speakers will be Gov. George K. Nash, the head of the Republican ticket; Senators Foraker and Hanna, and Hon. Carl L. Nippert, candidate for lieutenant governor.

After the opening there will be but twelve weekdays until the election. But they will be days of strenuous work on the Republican firing line. There will not be a county but will be visited by some Republican orator of national repute. General Dick, chairman of the Republican executive committee, proposes to force the fighting, and to see that the citizens of the state understand fully that a vote for the straight Republican ticket is a vote of confidence in President Roosevelt's administration, and for the continuation of McKinley good times.

Senator Foraker, from the 19th, will speak not only every day, but twice a day wherever it is possible. He will devote his efforts to the close counties of the state, for he, as a candidate for re-election to the Senate, is interested especially in the election of a Republican majority to the next General Assembly. Senator Hanna will make a campaign quite as strenuous, and he will cover those portions of the state to which Senator Foraker can give little attention. Thus the two Senators will make a joint campaign which will cover the state thoroughly.

Governor Nash will be equally busy, and speak twice a day wherever that is possible. Governor Shaw, of Iowa, will spend the first week of the campaign with him. Other men of national prominence will take part in the Ohio campaign, including Senators Fairbanks and Hawley, and Speaker Henderson of Iowa. Senator Patterson, chief of the Speakers' Bureau of the State Executive Committee, is now arranging dates for the meetings.

The Ohio legislature to be elected now will be the first after the completion of the federal census, and therefore will have the duty of rearranging the congressional districts of the state. If Democratic, it will endeavor, as that party has tried to do before when it had the legislature, to change the districts so as to give Ohio a Democratic delegation in congress, or gain some members for it at any rate. Consequently every Democratic vote will help that scheme.

The campaign in Ohio can not be great one in which enthusiasm plays a great part. Rather it will be one in which will be shown a stern determination to make Ohio's voice ring out triumphantly in support of the principles for which her immortal son gave his life.

The voter of Ohio recognizes the clean, straight administration of Governor Nash, and will vote accordingly.

Don't aspire to live too long; for there are lots of old fellows over 90 in the poorhouses of the country. In fact, if one wants to find a man 90 and over, the poorhouse is the place to hunt for him.

Ohio nobly sustained McKinley in all his policies. Now let it, for his sake, stand by President Roosevelt in carrying out the McKinley policies and plans. The first way to do that is to vote for members of the legislature who will make Senator Foraker's re-election clear beyond controversy.
